Year 11

Homework is an integral part of preparing students for the future. Without regular homework, students will find it harder to achieve success at a national level. Bay of Islands College aims to develop sound work ethics and increased student productivity through regular homework.

A student studying at Level 1 NCEA should spend a minimum of one and a half hours per night on homework.

All students are required to have several pens, a pencil, eraser and a ruler. Some items may need replacing as the year progresses. All students need a bag to carry school gear in! The school donation is \$45 per student or \$75 per family. Discounts are available if these fees are paid in Term One.

NZQA Fees \$75 per year –reduced to \$20 with financial assistance application.
